Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant Representative discussed the proposed amendment to the independent claims and how they overcame the cited reference. The Examiner pointed out several areas in the reference which seemed to at least imply the added features, but which may require changing the rejection from a "102" rejection to a "103" rejection as being obvious. The feature of compiling demographic data about the player and tailoring the advertising content to the individual player as in Claim 6 was also discussed. The Examiner indicated that he would review the reference for these features and would telephone the Applicant Representative with his finds by the end of this week.
